

FINANCIAL DISCLOSURE BOOKLET

Your Name:

FILLING IN THE BOOKLET – GENERAL GUIDANCE

The form is designed to help you draw together all your financial information and to help you think about your finances. Your mediator needs this information to help you discuss options for your finances.

- First of all - please do not be put off by the details required. It may be that not all the financial details requested apply to you. Where any section is 'not applicable' write N/A.
- If you find there aren't enough lines to list all your documents in any section please write 'more overleaf' and add the additional items on the back of the sheet. For some sections additional sheets are available.

The following section answers the questions many clients ask when given this booklet. If you have any further questions please ask your mediation service. The office staff may be able to help with straightforward queries.

Question 1: WHY IS IT NECESSARY TO COMPLETE THE BOOKLET?

It is essential that discussions in mediation take place in the full knowledge of each other's financial and other relevant circumstances.

Question 2: DO I HAVE TO INCLUDE EVERYTHING? WHAT IF I'M NOT SURE?

Yes, you should include anything in your own name or your joint names or your name with another person. This should include any assets or liabilities either here or in any other country.

If in doubt include it at this stage and then talk it through with your mediator at the next meeting.

Question 3: WHAT HAPPENS AFTER I HAVE FILLED IN THE BOOKLET?

- **Please make a photocopy of this booklet and 2 copies of all your documents.**
- Take **both** the originals **and** copies to your mediation session.
- Your mediator will need to keep the original of this booklet and 1 copy of your documents. You will exchange copies of your documents with your partner.

Please fill in this form as fully and accurately as possible. **Disclosure must be full, frank and complete and must include all assets, liabilities and income.** Without this, it could mean that any proposals you develop might be at risk or could be set aside by a court.

Your mediator will help you draw together an overview of your financial position.

The next stage will be to work with you both to draw up your proposals.

At this stage please don't include any proposals for division of the finances – this will be discussed in mediation.

The following section deals with interest in property – whether you live there or not. Please include interest in all properties in your name or in which you have an interest either here or abroad.
